

# KENZO ESTATE

Welcome back! Our winery team is taking every precaution to create a safe, welcoming and relaxing experience.

In following State, County and CDC-recommended guidelines for serving the public, we've implemented the following precautionary measures:

- ❖ **Health screenings for Guests:** We will be requesting pertinent health information on arrival for all guests
- ❖ **Health screenings for Staff:** All staff members are screened and monitored to ensure their fitness for work. Paid sick leave is available to any staff member who requests it.
- ❖ **Social Distancing:** This includes fewer reservations each day, a 6-person group limit, and appropriate distancing for seating. Most tastings will take place in an open-air setting; seating preferences are accommodated on request.
- ❖ **Face Coverings:** Everyone must wear a mask or faceguard.
- ❖ **Limited Contact:** Staff may make fewer visits to tables; masks and gloves are to be worn by staff and management, gloves to be changed regularly; hand washing is required regularly, with hand sanitizer available in clean or touchless dispensers at multiple stations for guests and staff
- ❖ **Contactless Payment:** We can easily arrange non-contact payment on request
- ❖ **Deep Cleaning:** An enhanced cleanliness routine is in place to ensure regular sanitization, at every level and for every surface.

We appreciate your consideration and thank you in your observance of these new guidelines. Above all, we look forward to welcoming you to Kenzo Estate, and once again providing a world-class experience to remember.

-Kenzo Estate Management & Staff
